## 2025

Commissioners House, Wensleydale Terrace,  
Blyth, Northumberland, NE24 3DY

**TIDE TABLES**  
**2025**

# TIDAL INFORMATION

The tidal predictions for Blyth Harbour have been compiled by the Proudman Oceanographic Laboratory, copyright reserved.

The depths shown in these tables refer to the height of the tide above Lowest Predicted Astronomical Tide (2.60 metres below Ordnance Datum).

In order to obtain a guide to the depth of the water in the channel and at berths at high water, these depths should be added to the appropriate dredged depths.

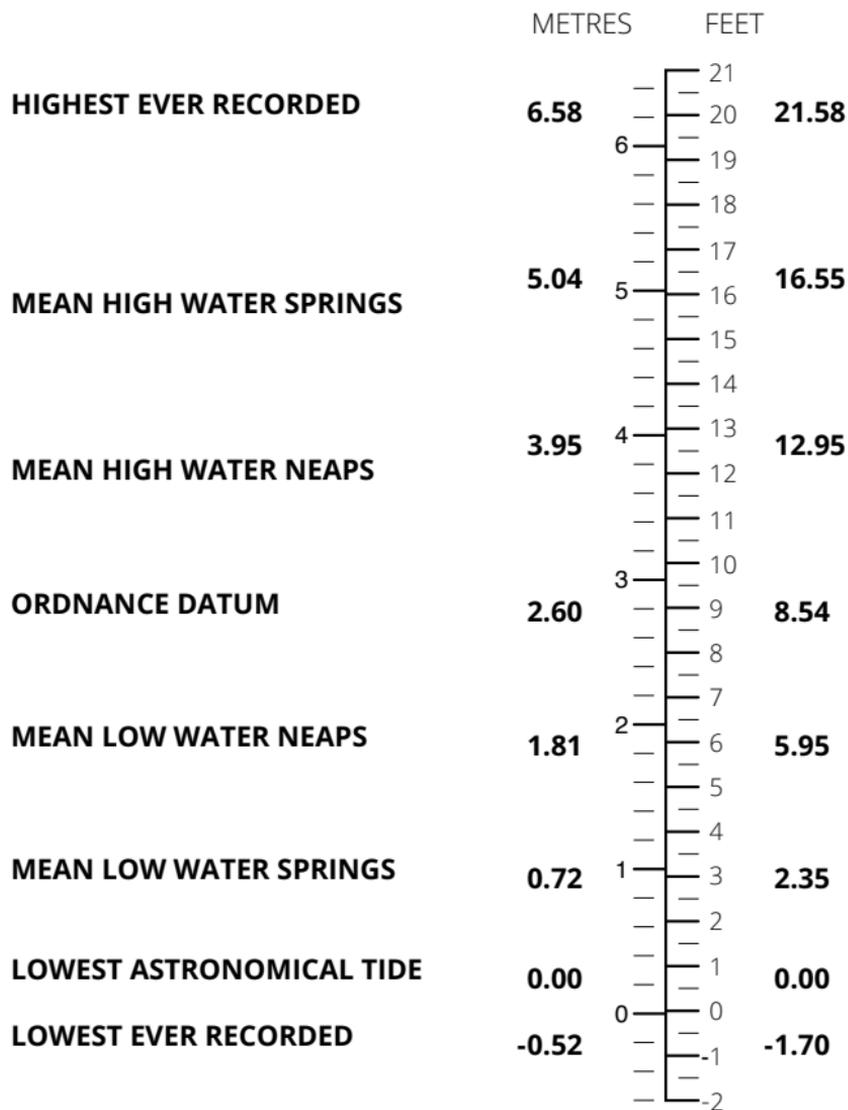

The user is warned, however, that tides are subject to wind and weather and dredged depths cannot always be maintained due to siltage.

Information as to the state of the tide and depths may be obtained at any time from the Harbour Master's Office (Telephone: 01670 357 020).

The zero mark on the tide gauges provided at various parts of the harbour is Lowest Astronomical Tide Datum.

Every care has been exercised to ensure accuracy in these tables, but the Commissioners do not accept responsibility for any inaccuracy.
